

MALAKY'S WISH

Cook with Chef Mickey! 2015

Malaky, 8, from Ottawa suffers from Duchene's Muscular Dystrophy. He is a sweet and happy little guy who gets inspired by big brother Mathieu who has the same medical condition. Malaky loves Mickey Mouse and enjoys cooking with his family. So when asked about his one true wish, Malaky showed us a picture of Chef Mickey's Restaurant and asked if he could cook with him at his Disney World restaurant.

Together with the help of Make-A-Wish and Disney, Malaky experienced a truly magical afternoon at Chef Mickey's restaurant. Malaky was made to feel very special, when he arrived at the restaurant; they rolled out the red carpet and had a chef's coat and hat ready for him. Malaky and Chef Mickey cooked up a delicious meal and celebrated with his family at Mickey's restaurant.

Malaky and family are grateful to everyone that helped make his wish come true! Mom stated "Our family needed this and for that we can't thank you enough!"

Special Thank you to

Playing it Forward for Wishes

for their support in adopting Malaky's wish
